### SUMMARY

My Name is Aisha Perveen. I am pursuing a B.Tech in the specialization of Computer Science from BCET and currently I am in my 3rd year.

Talk about my technical I am good in HTML, CSS, and Javascript and have an intermediate knowledge of React Js, DBMS, and Bootstrap and also have a little bit of knowledge of Networking and PHP. I have huge interest in Cyber Security and I am working towards it.

Throughout my academic journey, I have gained knowledge and expertise in various areas of computer science such as programming languages algorithms data structures software development and artificial intelligence.

Apart from my academic pursuits, I have actively participated in extracurricular activities related to computer science. I have been involved in coding competitions hackathons and programming clubs which have played a significant role in enhancing my problem-solving skills and collaboration abilities.
